# SERVICES WE PROVIDE

## DESIGN

We offer to completely design the way your industrial space should work through our independent consultants who help us to ensure that you get the maximum efficiency out of your plan and it's worth it!

## SUPPLY

We supply many large corporates around the UK with industrial space fitout solutions, and can offer to do the same for you! We have a strong supply line, as well as stocking some of our storage solutions!

## INSTALL

With our team of installers, we can reach any area of the UK to install our suggested space solution. Our installers carry out daily Health & Safety Checks and we are a SEMA Installation Company Accredited!

## INSPECT

We know that annual racking inspections seem a nuisance to many, however with our annual scheduling tool, and technology based inspection software, we can give detailed reports within 24 hours.

## MAINTAIN

Maintaining your storage system is just as important to us as your colleagues' safety, as that's what it's all about. We'll look after your racking repairs and maintain your storage systems to the the highest level.

# WHAT OUR CUSTOMERS SAY

9

“Can highly recommend being both professional and helpful in approach, from suggestions about maximising space at site survey to going the extra mile during installation.”

“Mole Avon recently had some racking supplied and fitted by DC Space & Storage. We chose to deal with DC as the delivery and installation was quicker than other estimates we received, and we needed a quick turnaround. The price was competitive and all racking was fitted on time and without hassle.”

“We needed new racking for our medicine dispensary. The guys at DC came out, measured up and suggested a much better solution at an advantageous cost. Delivery and fabrication were on time and team very pleasant. Overall, very happy with DC Space & Storage Solutions”
